## **DETAILED ACTION**

### ***Specification***

The objections to the specification, outlined in the previous Office Action, have been overcome by applicant's amendment. The amendment corrects the text as appropriate and supplies an acceptable abstract.

### ***112 Rejections Withdrawn***

The rejection of claims 5 and 16 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment clarifies the claim text as suggested by the examiner.

### ***112 Rejections Maintained***

The rejection of claims 2, 7 and 8, outlined in the previous Office Action, is maintained for reasons of record. Applicant's arguments have been carefully considered, but are not persuasive. The description of substituents using "open" language ("comprising") is indeed a description of a Markush group. The examiner respectfully suggests that all compounds and their substituents must be described using "closed" language such that the metes and bonds of the claim are clearly defined.

Art Unit: 1621

***Double Patenting Rejection Maintained***

The provisional rejection of claims 1-10 under the judicially created doctrine of obvious-type double patenting, outlined in the previous Office Action, is maintained for reasons of record. The rejection will be reconsidered and withdrawn, however, should the instant application proceed to issue before the 10/053,396 application.

The examiner notes for the record that both applications were filed on the same date, so neither has seniority.

***Allowable Subject Matter***

Claims 11-22 are objected to as being dependent upon a rejected base claim, but would be otherwise allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
